Note: Caster setting 1 & 2 is determined by caster size and frame style. For Standard & Flared Frames using 3" & 4" casters, utilize Caster setting 1. For Standard & Flared Frames using 5" & 6" casters, utilize Caster setting 2. Inset Frame uses caster setting 2 only regardless of caster size.

Note: When ordering replacement frames you must provide the front seat height, rear seat height, frame color, FS Dim and if chair is equipped with a seat frame mount Hubblock.

Note: See Back Frame pages for Padded Swing-Away Armrest inserts.

Note: Side Frames have 3" of Depth Growth built in (example 10" deep frame can accommodate 11"-13" depths), except for 16", 17" & 18" frame depths which will only grow up to 18" seat depths.

Note: Transit option utilizes a 1" longer frame, when ordering replacement frames order a frame with 1" increase in depth.

NOTE: When changing from painted to anodized cross tube, the receivers must be replaced. Serial #'s prior to RZ-006361 shipped with a painted cross tube.

NOTE: Frame replacements on chairs prior to RZ-004209 may need Item #118125, Pivot Pin Replacement Kit (Qty 1) if not previously upgraded.

NOTE: * For s/n prior to RZ-007453, Caster Bolt must be changed out for Transit approval.

NOTE: Transit Option not available with 18" Seat Depth or on Seat Heights below 15" with Inset Frame.

NOTE: Transit retrofit on a Zone that did not already have the Transit option or DOES NOT have the Transit Ready frame option will reduce growth adjustability by 1".
