# Convaid EZ Rider

Lightweight, Compact-folding, 10° Fixed Tilt Wheelchair

# Convaid EZ Rider

The Convaid EZ Rider is a lightweight, compact-folding, and highly durable wheelchair featuring Self-Tensio®, a built-in self-tensioning seating system that provides stable pelvic positioning. The EZ Rider has a 10° fixed tilt, which supports an upright position for individuals with good trunk strength and upper body stability. The EZ Rider is available in four sizes and provides years of growth through its seat depth extension tubes.

# Lightweight, Compact-folding, and Highly Durable

The Convaid EZ Rider is a 10° fixed tilt wheelchair that provides upright posture to enhance functional positioning.

## Tension Adjustable Strap Back

Allows for adjustment of the back according to the anatomical shape of the individual to provide optimal support.

## Lightweight and Compact-folding

The folding mechanism allows the chair to fold into a tight and lightweight package.

## Self-Tensio®

Provides key support at the pelvis. It provides a stable platform and distributes pressure throughout the contact area. It improves pelvic support and positioning without added weight and complexity.

## 5" of Seat Depth Growth

Handles the growth of the user for many years through extension tubes that can be added or changed easily without tools.

## Standard Features

- 10° fixed tilt
- One-piece height adjustable push handle (EZ12/14/16)
- Two-piece push handles (EZ18)
