

Arc Seat Frame

The Rear Seat Tube (#5) is not included within the seat frame assembly kits. If the seat frame color is changing, the left and right rear seat tubes are needed as well. When changing frame depth ranges, new front side frames are needed. If Changing from extra short depth range to short, medium, or long, new mechlocks are needed. Select color of parts based on Seat Frame color of chair.

Item Number	Part Number	Description	Quantity
1a, 4b, 9, 15, 19	113121_ _ _	Seat Frame Assembly, Standard, X-Short, Arc	2
