**GENERAL**

Permobil manufactures TiLite manual wheelchairs in a wide variety of configurations to meet the varied needs of wheelchair users. The final selection of a particular model, its options and accessories, and its measurements rests solely with the wheelchair user and advising healthcare professional. These wheelchairs must be fitted by a qualified healthcare professional. HCPCS Codes are for reference purposes only. Actual coding and coverage varies by payer. Proper HCPCS coding is not a guarantee of payment. Please verify the appropriate payer's coverage policy.

## SpeedControl Dial Compatibility Information

### SpeedControl Dial Compatibility:

SpeedControl Dial mounting will require Aluminum or Composite push/pull wheel locks and a seat depth greater than 14". The following configurations are compatible with the SpeedControl Dial. Both wheel locks work with all 19" and 20" seat depth configurations. Please consider this when selecting your free wired controller for SmartDrive.

●: Aluminum push/pull wheel lock compatible  
○: Composite push/pull wheel lock compatible
