

# Arc Height Adjustable T-Arm

If retrofitting, Receivers are needed. Callout #3: Spacer is needed when the receiver sits on the seat growth tube. Callout #6: Depending upon the placement of the receiver will depend on the length of screw you'll need. More specific information is on the way! Please note there is a receiver screw and spacer kit that includes all potential screw sizes and spacer (you will need qty 2 for a pair).
